

If all of us fellow Indians decide to come together on a common platform like India Redefined, for once leaving our religion, political affiliations, language, state, caste etc. at home, and with a common cause of creating India Redefined as the strongest platform to empower citizens, we really can have INDIA of our dreams. If each of us, Indian Citizens, are aware of our Rights and willing to exercise it, we not only will elect the right people to run the country, but we will make all public officials (servants) accountable to us, thereby ensuring better governance, better politicians, better bureaucracy, better infrastructure, killing of corruption, and a better India for ourselves & our future generation. This also means that we should also know our obligations & responsibilities to the country and fulfill these. If all of us, or a major chunk of people ensure that their rights as a citizen are exercised and are fulfilling their obligations as the citizens, almost all the problems plaguing the country can be solved, either Local issues or National issues. There are thousands of Indians who supported this movement. These are the people who care deeply for India! People whose love for India is beyond measurement! People who want to move India forward! People who want an India which they can really be proud of! But these people are not waiting for a miracle to happen! They are not day dreaming! They know that to change India, they have to step up! They realize that they need a movement! A grass roots movement! A social movement which is more about awareness, responsibility and ownership by all of them. They know that there are many pressing social issues which need to be addressed! They also know that many of you have done wonderful job in addressing many issues! But they know that it is still not enough! They have to work with all of you to make an impact! India Redefined aims to help you fulfill your ISR - Individual Social Responsibility. India Redefined is all about a redefined India - to change the India that has been so far and we are not happy about the way it is. The change has to come at our thought level - the behavioral change has to be deliberate - then only we can truly have India Redefined.

If we, the citizens of India, each of us strive to have a behavioral change, we could solve problems like Corruption (Clean, Transparent & Good Governance), Hygiene (Good health and Sanitation), Pollution (Clean and Green Environment), and Human Relations (harmonious Relationship with each other and different communities). So let us AWAKEN INDIA - By bringing about AWARENESS, EDUCATION & COMMUNICATION Let us CLEAN INDIA - of CORRUPTION, POLLUTION, UNHYGIENIC CONDITIONS, DIRTY ENVIRONMENT, CONTAMINATED WATER or ANYTHING REQUIRING CLEANSING Let us create HEALTHY INDIA - Which WILL RESULT FROM CLEAN INDIA and dedicating SPECIFIC FOCUS ON HEALTH ISSUES Let us make a GREEN INDIA - using SUSTAINABLE METHODS OF GREENING OF INDIA That will be a PROSPEROUS INDIA - because all the above INITIATIVES WILL NATURALLY LEAD TO PROSPERITY ACROSS BOARD Then only we will be living in a truly HAPPY INDIA - which is the END RESULT OF ALL INITIATIVES
